AUDIT

OF

#### **UNDP BANGLADESH**

#### URBAN PARTNERSHIPS FOR POVERTY REDUCTION (Directly Implemented Project No. 58224)

Report No. 1212 Issue Date: 17 January 2014

#### Report on the audit of UNDP Bangladesh Urban Partnerships for Poverty Reduction (Project No. 58224) Executive Summary

From 8 September to 2 October 2013, the Office of Audit and Investigations (OAI) of the United Nations Development Programme (UNDP), through S.P. Chopra & Co (the audit firm), conducted an audit of Urban Partnerships for Poverty Reduction, Project No. 58224 (the Project), which is directly implemented and managed by the UNDP Country Office in Bangladesh (the Office). The audit was conducted under the general supervision of OAI in conformance with the *International Standards for the Professional Practice of Internal Auditing*. The last audit of the Project was conducted by OAI in 2012.

The Project reported expenditure totalling \$21.6 million during the period from 1 January to 31 December 2012, of which \$10.9 million was implemented by UNDP. The Project was funded by the United Kingdom and UNDP.

#### Audit scope and objectives

The audit firm conducted a financial audit to express an opinion on whether the financial statements present fairly, in all material aspects, the Project's operations. The audit covered the UNDP implemented portion of the Project's Statement of Expenditure (Combined Delivery Report) for the period from 1 January to 31 December 2012 and Statement of Assets as of 31 December 2012.

#### Audit results

Based on the audit report and corresponding management letter submitted by the audit firm, the results are summarized in the table below:

Project Ex	penditure	Proje	ct Assets
Amount (in \$ '000)	Opinion	Amount (in \$′000)	Opinion
10,957	Unqualified	1,058	Unqualified

#### Key issues and recommendations

The audit raised 5 issues and resulted in 5 recommendations, of which 4 (80 percent) were ranked high (critical) priority, meaning "Prompt action is required to ensure that UNDP is not exposed to high risks. Failure to take action could result in major negative consequences for UNDP and may affect the organization at the global level."

The high priority recommendations are as follows:

ProjectInadequate project oversight. Project Steering Committee meetings and ProjectmanagementManagement Board meetings did not take place as required by the Project Document.(Issue 1)OAI recommends that the Project Steering Committee and Project Management Board<br/>meetings take place regularly, in accordance with the Project Document.

#### United Nations Development Programme Office of Audit and Investigations

Project management (Issue 2)	Monthly progress reports not reviewed by the Project Management Board. There was no evidence indicating that the monthly progress reports prepared at the township level were reviewed by the Project Management Board. OAI recommends that the review of progress reports be documented and relevant issues be discussed and reported at the Project Board level.
Asset management (Issue 4)	<u>Weaknesses within asset management</u> . A physical verification of assets was not completed in 2012, although the verification was subsequently completed in 2013. The audit also noted inadequate segregation of duties between staff responsible for asset management and staff performing the verification. In addition, the project asset list was prepared in Excel, and the Asset Focal Point was able to make changes to the asset list without senior management approval. OAI recommends that asset verification be completed twice per year, that duties be properly segregated, and that any amendments made to the asset list be approved by senior management.
(Issue 5)	Asset list not updated and partially unsupported. Between 2011 and 2012, the acquisition values for 104 assets were modified without adequate supporting documentation. Furthermore, the asset list contained 1,163 items awaiting disposal with an acquisition cost of \$244,735. OAI recommends that changes to the asset list be supported with adequate supporting documentation, and that obsolete assets be disposed of in accordance with the corporate policy.

The implementation status of previous OAI audit recommendations (Report No. 1027, 23 May 2013) was also validated. Of the six recommendations, five were fully implemented and the remaining recommendation was in progress.

#### Management's comments

The Resident Representative accepted all the recommendations and is in the process of implementing them.

Helge S. Osttveiten Director Office of Audit and Investigations

#### Part: I - Executive Summary

We have been engaged by the Office of Audit and Investigations (the "OAI"), United Nations Development Programme (UNDP) to conduct audit of the project Urban Partnerships for Poverty Reduction having award number 00011492 and project number 00058224 (the "Project") for the period from 1 January 2012 to 31 December 2012 directly implemented by UNDP, Bangladesh. The audit was conducted from 8 September 2013 to 2 October 2013.

The audit is a financial audit to express an opinion on whether the financial statements present fairly, in all material respects, the result of the Project's operations, as well as assess compliance with UNDP regulations, rules, policies and procedures, and donor agreements. The audit covered the review of the Project's Statement of Expenditure (Combined Delivery Report) for the period from 1 January 2012 to 31 December 2012 and statement of assets and equipment as at 31 December 2012. We also reviewed the relevant systems, procedures and practices in place as they rel to the Project, in the areas of organization and staffing, project management, human resources, financial and cash management, procurement, asset management and general administration.

For the year ended 31 December 2012, the Project recorded expenditure totaling \$21,611,207.98 of which UNDP implemented portion was \$10,957,240.25.

#### Key issues and recommendations:

The audit raised four high rated issues (two within project management and two within assets management) and one medium rated issue within procurement. These were mainly caused by inadequate guidance or supervision at UNDP Country Office level. To address these issues, five recommendations are made.

#### Results of financial audit

#### Audit opinion on combined delivery report for the year 2012

We expressed an unmodified audit opinion on the combined delivery report (the "CDR") for the period from 1 January 2012 to 31 December 2012.

#### Audit opinion on statement of assets and equipment as at 31<sup>st</sup> December 2012

We expressed an unmodified audit opinion on the statement of assets and ent (the "Statement") as of 31 December, 2012. However without modifying our opinion, the user's attention has been drawn to the fact that the asset statement as of 31 December 2012 included 1163 assets with an acquisition cost of \$244,735, which have completed their useful economic life and are awaiting disposal. The majority of these assets relate to the LPUPAP project (the pilot project for UPPR), which were transferred to UPPR on its inception. Following the physical verification of assets in 2013, management is in the process of updating the UPPR asset statement.

#### Acknowledgement

We wish to place on record our thanks and appreciation to the management of the Project, UNDP Country Office in Bangladesh and the Regional Audit Centre for Asia and the Pacific, OAI for the cooperation extended to us during our audit.

Place: New Delhi, India Date: 9 January 2014 S.P. CHOPRA & CO. Chartered Accountants 31-F, Connaught Place New Delhi- 110 001 Tel: 91-11-23313495-6-7 Fax: 91-11-23713516 ICAI Regn.No. 000346N Web Site: <u>www.spchopra.in</u> E-mail: <u>spc1949@spchopra.in</u> spc@bol.net.in

#### Part II - Independent Auditor's Report To Audit Chief, UNDP, Regional Audit Centre for Asia and the Pacific, OAI

#### Urban Partnerships for Poverty Reduction Award Number 00011492 and Project Number 00058224

We have audited the UNDP implemented portion of expenditure of \$10,957,240.25 included in the total expenditure of \$21,611,207.98 reported in the accompanying Combined Delivery Report (the "CDR") of Urban Partnerships for Poverty Reduction project having Award Number 00011492 and Project Number 00058224 (the "Project") for the period from 1 January 2012 to 31 December 2012.

#### Management's Responsibility for the Combined Delivery Report

Management is responsible for the preparation of the CDR of Urban Partnerships for Poverty Reduction project in accordance with UNDP accounting policies, and for such internal control as management determines is necessary to enable the preparation of the CDR that is free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on the CDR based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and rform the audit to obtain reasonable assurance about whether the CDR is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the CDR. The procedures selected depend on our judgement, including the assessment of the risks of material misstatement of the CDR, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Project's preparation of the CDR in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Project's internal control. An audit also includes evaluating the appropriateness accounting policies used and the reasonablesness of accounting estimates, if any, made by management, as well as evaluating the overall presentation of the CDR.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

SANJIV GUPTA

#### Opinion

In our opinion, the accompanying CDR of Urban Partnerships for Poverty Reduction project presents fairly, in all material respects, the UNDP implemented portion of expenditure of \$10,957,240.25 out of total expenditure of \$21,611,207.98 recorded under the UNDP disbursement column in the CDR for the period from 1 January 2012 to 31 December 2012 in accordance with UNDP accounting policies and were: (i) in conformity with the approved Project budget; (ii) for the approved purposes of the Project; (iii) in compliance with the relevant regulations and rules, policies and procedures of UNDP; and (iv) supported by properly approved vouchers and other supporting documents.

#### Independent Auditor's Report To Audit Chief, UNDP, Regional Audit Centre for Asia and the Pacific, OAI

#### Urban Partnerships for Poverty Reduction Award Number 00011492 and Project Number 00058224

We have audited the accompanying Statement of Assets and Equipments (the "Statement") for \$1,057,506.50 of UNDP Project Urban Partnerships for Poverty Reduction having award number 00011492 and Project number 00058224 (the "Project") as at 31 December 2012.

#### Management's Responsibility for the Statement of Assets and Equipment

Management is responsible for the preparation of the 'Statement' for the Urban Partnerships for Poverty Reduction project in accordance with UNDP ounting policies, and for such internal control as management determines is necessary to enable the preparation of the statement that is free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on the statement based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and perform the audit to obtain reasonable assurance about whether the statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the statement. The procedures selected on our judgment, including the assessment of the risks of material misstatement of the statement, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Project's preparation of the statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Project's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the re ableness of accounting estimates, if any, made by management, as well as evaluating the overall presentation of the statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

SANJIV	Digitally signed by SANJIV GUPTA DN: cn=SANJIV GUPTA c=IN o=Personal
GUPTA	Reason: I am the author of this document Location: New Delhi, India Date: 2014-01-16 13:37+05:30

#### Opinion

In our opinion, the accompanying Statement of assets and equipments, presents fairly, in all material respects, the balances of assets and equipment of \$1,057,506.50 of the UNDP Project Urban Partnerships for Poverty Reduction as at 31 December 2012 in accordance with the UNDP accounting policies.

#### Emphasis of Matter

We draw attention to observation no. 5 (d): the asset statement as of 31 December 2012 contained 1163 assets with an acquisition cost of \$244,735, which have completed their useful economic life and are awaiting disposal. The majority of these assets relate to the LPUPAP project (the pilot project for UPPR), which were transferred to UPPR on its inception. Following the physical verification of assets in 2013, management is in the process of updating the UPPR asset statement.

Our opinion is not qualified in respect of this matter.

### Part – III - MANAGEMENT LETTER

# Urban Partnerships for Poverty Reduction Award Number 00011492 and Project number 00058224 For the period from 1 January 2012 to 31 December 2012

### Audit objectives

We have been engaged by the Office of Audit & Investigation, United Nations Development Programme (UNDP) to carry out Financial audit of Urban Partnerships for Poverty Reduction project having award number 00011492 and project number 00058224 (the "Project") for the period from 1 January 2012 to 31 December 2012. The terms of reference of the audit services include:

- a. Express an opinion on whether the Combined Delivery Report for the period from 1 January 2012 to 31 December 2012 presents fairly, in all material respects, the expenditure incurred by the Project in accordance with UNDP accounting policies and that the expenditure incurred were: (i) in conformity with the approved project budgets; (ii) for the approved purposes of the project; (iii) in compliance with the relevant regulations and rules, policies and procedures of UNDP; and (iv) supported by properly approved vouchers and other supporting documents.
- Express an opinion on whether the Project's statement of assets & equipments as at 31 December 2012 presents fairly, in all material respects, the balance of assets and equipment of the Project.

#### Scope of the audit

- 1. The financial statement audit was conducted in accordance with the International Standards of Auditing covering the following:
  - S The expenditure incurred and recorded in the CDR of the project during the period from 1 January 2012 to 31 December 2012. The UNDP portion of the total expenditure of the Project for the year ended 31 December 2012 was \$10,957,240.25.
  - § The value and existence of the assets and equipments held by the project as at 31 December 2012.
- 2. The scope of the audit relates only to transactions concluded and recorded against the UNDP DIM project over a given period. The scope of the audit did not include:
  - S Activities and expenses incurred or undertaken at the I of "responsible parties; and
  - S As per the CDR total project expenditure was \$21,611,207.98 of this \$10,957,240.25 pertained to UNDP, the remaining expenditure was not incurred by UNDP and is therefore outside the scope of this audit.

#### Project Background

The project builds on the experiences of the earlier UNDP funded Local Partnerships for Urban Poverty Reduction Project (LPUPAP) (2000-2007).

The project is providing support in slums and informal settlements in 23 towns with a special focus on women and children. It organizes communities so they can manage and improve their own lives and demand better services from Government. The programme includes a Settlement Improvement Fund (SIF) to finance physical and environmental improvements such as safe water, toilets, and footpaths and a Socio-Economic Fund (SEF) to provide grants for women to set up small businesses, for apprenticeships training, and to keep drop-out-risk children in school. The SEF is also used to raise community awareness on key social issues such as health and nutrition, domestic violence and early marriage.

The project objectives are to reduce urban poverty in Bangladesh by improving the lives and living conditions of 3 million urban poor and extremely poor eople, especially women and girls. The project has five main outputs as follows:

- a) Urban poor communities mobilized to form representative and inclusive subgroups and prepare community action plans;
- b) Urban poor communities have healthy and secure living environments;
- c) Urban poor and extremely poor people acquire the resources, knowledge and skills to increase their incomes and assets;
- d) Strategies developed to influence pro-poor local and national level policies and practices; and
- e) Effective project management systems established and operational.

The donors of the project are: Department for International Development (DFID) contributing (US\$ 117 million) and UNDP (US\$ 3 million).

Follow up on prior period Audit Recommendations

In relation to the FY11 audit, five of the six audit observations have been implemented with one recommendation in progress.

For S.P.Chopra & Co. Chartered Accountants FRN No. 000346N

Place: New Delhi, India Date: 9 January 2014 Sanjiv Gupta Partner M. No. 83364

### Audit Observations

Observation no.: 1Audit Area: Project ManagementIssue Title: Inadequate Project oversight

During the audit period, the following meetings were not held in accordance with the management arrangement section of the Project Document.

Board	No. of meetings stipulated to be held	No. of meetings held
Project Outcome Board/ Project Steering committee (PSC)	2	None
Project Management Board (PMB)	12	2

#### Criteria:

Project oversight meetings should be held as stipulated in the project document in order to complete the required oversight and assurance activities.

Cause:

Lack of supervision at the project level.

Effect:

Inadequate oversight of project activities.

Priority:

High

Recommendation:

The Project Steering Committee and Project Management Board should meet on a regular basis in accordance with the Project Document.

Management Comments:

In 2012, the project could not organise regular meetings due to the transfer of National Project Director.

However, the project has re-instituted regular meetings for both the Project Steering Committee and Project Management Board in 2013. Two PSC meetings have been held in 2013 and Project Board meetings have been held regularly in 2013. Evidences of such meetings have been shared with the audit team. A Project Coordination Meeting attended by all relevant managers and coordinators is also held regularly.

Observation no	o. : 2
Audit Area	: Project Management
Issue Title	: Monthly progress reports of project towns not reviewed by Project Management Board

As per the Project Document, monthly progress reports should be prepared at the township level and then reviewed by the Project Management Board (PMB). There is no evidence that the monthly progress reports are being reviewed by the PMB. Further, there is no documentation evidencing that the PMB is kept informed of the progress reports.

Criteria:

As per the Project Document, Project Management Board is required to review the progress reports prepared at the town level.

Cause:

Lack of supervision at the project level.

Effect:

Inadequate project oversight may lead to issues not being addressed in a timely basis.

Priority:

High

Recommendation:

The monthly progress reports of project towns should be reviewed by the Project Management Board as stipulated within the project document.

Management Comments:

The Project Management Board is the highest level project level decision making body and focuses on overall and strategic issues. In 2013 regulement monthly monitoring of progress is undertaken by each output leader for respective outputs. This progress is reviewed in the Project Coordination Meeting and decisions are taken to address slow prog or outstanding issues. Issues requiring Project Board decisions are taken up in the Project Board Meetings. The Office will ensure the minutes of each meeting is ented, to ensure all relevant issues are reported and discussed at the Project Board level.

Observation no.	: 3
Audit Area	: Procurement
Issue Title	: Recommendations made by the Contract Assets and Procurement (CAP) committee were not addressed

The recommendations raised by Contract Assets and Procurement committe for a contract valued at \$40,992 (Purchase order 34127) were not addressed, and following the approval of the Deputy Country Director direct contracting was used.

Criteria:

Contracts with a value in excess of \$30,000 should be reviewed by the Contract Assets and Procurement committe the Office should respond to all recommendations made the committee prior to concluding the bidding process.

Cause:

Lack of understanding of procurement requirements.

Effect:

Lack of transparency within the procurement process, best value for money may not have been achieved.

Priority:

Medium

Recommendation:

All the recommendations made by the Contract Assets and Procurement committe should be addressed prior to proceeding with the order.

Management Comments:

The hiring of a consultant resulted in direct contracting due to the requirement of the donor as well as UNDP to bring about strategic changes in the project management of UPPR. The consultant was part of the team to develop the Organisational Development Plan recommended by the Strategic Management Review team.

The delegated procurement authority for UNDP/Bangladesh in 2012 was \$150,000 and the Deputy Country Director was the Country Director a.i. (CD has the delegated authority from the Resident Representative) to sign off as the Approving authority which was done in the larger interest of the project. The consultant would bring complementarity to the process already undertaken.

The observation is noted and response to all CAP recommendations will be documented, including justification for obtaining a competition waiver.

Observation no.: 4Audit Area: Asset ManagementIssue Title: Weaknesses in Asset management

- a. Physical verification of project assets was not conducted in 2012 however the verification was eventually completed in August 2013. Management was unable to provide a reason for the asset verification not being eted in 2012, 2011 and 2010. This issue was also identified within the 2011 audit report.
- b. A total of 42 assets valued at BDT 828,431 (\$10,165) could not be physically verified as reported in physical verification report conducted by the project management. An investigation has not been completed yet to determine the reasons for the discrepancies.
- c. During our physicial verification of assets with a sample size of 45% (approx.) of the total asset value, the following assets valued at BDT 195,600 (\$2,407) could not be identified during the physical verification for the reasons stated below:

Asset	Asset Name	Asset Tag No.	Value as on	Remarks
Туре			31.12.2012	
			(BDT)	
AC	General AC Gassetee	BGD/UPPR/ IT/250	1,12,000	Assets not held
Modem	Edge Modem Admn	BGD/UPPR/ IT/00542	3,800	physically
Laptop	Laptop	BGD/UPPR/ IT/00093	-	
Laptop	Dell DM9M225 E5400	BGD/UPPR/II/00287	76,000	Stated to be held
Modem	Edge modem	BGD/UPPR/IT/543	3,800	by ex project
	_			official
		Total	195,600	

- d. The physical verification of project assets at UPPR HQ and towns has been carried out by a team who are also responsible for asset management, thereby indicating an inadequate segregation of duties.
- e. The project asset list is prepared in 'Excel' and thus the asset focal point is able to make changes to this list without senior management approval. The project assets are not tracked through the ATLAS asset management module.

### Criteria:

POPP requires that assets are verified two times per year to confirm their existence and condition, any exceptions should be investigated. Changes to the asset list should be approved by senior management.

Cause:

Inadequate oversight by the Country Office.

Effect:

Project assets may be lost/ stolen or misused. Unauthorised changes can be made to the asset list.

Priority:

High

Recommendation:

The Office should ensure that physical verifications of asset are undertaken in compliance with the POPP and the discrepencies investigated.

From 2012 all project assets should be recorded within the Atlas ets module. For assets purchased prior to 2012 recorded outside Atlas, any amendments to the listing should be approved by senior management.

Management Comments:

The asset management system was not set up until 2013. The verification of project assets could not take place in 2012.

Asset verification are now being completed two times per year.

a / b and c The last audit report was published only in June 2013 and following the recommendations and the decision by the senior managers of UPPR, the project has conducted and completed the mid-year physical verification for 2013 in August 2013.

The majority of assets are distributed in the town offices (23 towns). Physical verifications for mid-year 2013 have been completed. The UPPR management has agreed to form an investigation team to determine the discrepancies in the asset list. This will be formed when the 2013 physical asset list is approved and Project M ement Board will make their final recommendations.

The year-end physical verification will be completed in January. Once the report is ready, the 2013 asset register will be presented to the Project Management Board. Upon their recommendations, an investigation committee will be formed to take the following actions:

- Assets identified as missing will be investigated
- Asset no longer used for the project will be collected from individuals and entities.

d. The physical verifications at the town level was completed by a team that is not involved in asset management, however the asset verification of towns surrounding Dhaka was completed by the asset focal point. This was due to the lack of staff to undertake this assignment and the deadline for the mid-year verification.

The observation is noted and the practice will discontinue.

e. The project is exploring the possibility of procuring software to manage assets, to ensure that any amendments to the asset register are approved by staff with the appropriate delegated authority.

Observation no.: 5Audit Area: Asset ManagementIssue Title: Asset list not updated

The asset list as of 31 December 2012 with a value of \$1,057,506.50 for 2,808 items duly certified by the project officials were furnished to us for our verification at the commencement of the audit.

The following discrepancies arising on comparison of 2011 and the said asset list of 2012 were noted:

- a. Assets valued at BDT 293,176 (\$3,608) were included in the asset list as of 31.12.2011 but not included in the asset list as of 31.12.2012. We were informed by the management that such assets have not been disposed off. However, the management was not able to provide further information as to their locations/ existence.
- b. 43 assets were shown in the asset list as of 31.12.2011 with a value of BDT 1,311,759 (\$16,145). However values of all these items were reduced to BDT 61,900 (\$792) in 2012. No explanations or documentation were provided by management in support of the reductions in asset value.
- c. The value of assets of 61 items was increased by BDT 280,292 (\$3,449) compared to the value shown in 2011, without any supporting/ explanations by the management.
- d. The statement of assets contained a significant number of assets past their useful economic life which are awaiting disposal. Following the physical verification of assets in 2013, management is in the process of updating the UPPR asset statement: this includes the identification of 1,163 assets for disposal with an acquisition cost of \$244,735. The majority of these assets relate to the LPUPAP project (the pilot project for UPPR), which were transferred to UPPR on its inception.

Criteria:

Modifications to the assets register should be authorized and supported assets no longer in use should be disposed of in accordance with corporate guidelines.

Cause:

Inadequate control over asset management.

Effect:

Asset register information may be incorrect

Priority:

High

Recommendation:

- (a) The Office should enhance controls such that all changes to the asset statement should be authorized and supported with adequate documentation.
- (b) Assets no longer in use / past the useful economic life should be disposed of.

Management Comments:

Following the 2011 audit exercise, the auditors requested the project to provide an estimated value to all assets which had no determined ocured value. During 2013 asset verification and document collection, the missing information and documents were recovered and the correct information was entered in the asset register resulting in the difference between 2011 and 2012.

Some assets have completed their useful life span and e zero net book value and will be disposed of.

All related documents with full explanation have been shared with the audit team.

### <u>Annexure I</u>

## Definition of Standard Audit Ratings

## <u>Standard Rating</u>

Satisfactory	Internal controls, governance and risk management proc were adequately established and functioning well. No issues were identifies that would significantly affect the achievement of the objectives of the project.
Partially Satisfactory	Internal controls, governance and risk management proceses were generally established and functioning, but needed improvement. One or several is were identifies that may negatively affect the achievement of the objectives of the project.
Unsatisfactory	Internal controls, governance and risk management proc were either not established or not functioning well. The issues identified were such that on the achievement of the overall objectives of the project could be seriously compromised.

### <u>Annexure II</u>

Catogorisation of Audit Recommendations

<u>Priority</u>	Definition
High (Critical)	Action is considered imperative to ensure that UNDP is not exposed to High risks. Failure to take action could result in major consequences and issues.
Medium (Important)	Action is considered necessary to avoid exposure to significant risks. Failure to take action could result in significant consequences.
Low	Action is considered desirable and should result in enhanced control or better value for money. Low priority recommendations, if any, are dealt with by the Audit Team directly with the office management, either during the exit meeting or through separate memo subsequent to the fieldwork. Therefore, low priority recommendations are not included in this Report.
