REPORT ON THE FINANCIAL AUDIT OF THE UNITED NATIONS DEVELOPMENT PROGRAMME PHILIPPINES DIRECTLY IMPLEMENTED PROJECT, DSS 2016 K TO 12 BASIC EDUCATION PROGRAM, PROJECT NUMBER 95022, OUTPUT NUMBER 99082, FOR THE PERIOD 1 JANUARY 2016 TO 31 DECEMBER 2016

PART 1 EXECUTIVE SUMMARY

1.1 Background of the Project

In 2010, the Philippine Department of Education (DepEd) started implementing the K to 12 Program. This program aims to provide sufficient time for mastery of concepts and skills, develop lifelong learners, and prepare graduates for tertiary education, middle-level skills development, employment, and entrepreneurship.

The salient features of the K to 12 Program are the following:

a. strengthening early childhood education;
b. making curriculum relevant to learners;
c. ensuring integrated and seamless learning;
d. building proficiency through language;
e. gearing up for the future; and
f. nurturing holistically developed Filipino.

On 07 December 2015, DepEd officially requested the assistance of United Nations Development Programme (UNDP) through the provision of procurement and capacity building services to fully implement the K to 12 Basic Education Program.

In this said assistance of UNDP to DepEd, the specific objectives are:

• Provision of demand based development support services, including, but not limited to the following:
  o conduct of competitive procurement processes for and in behalf of DepEd, at international and national levels, as inputs to the Project, in accordance with the procurement details and timelines agreed between DepEd and UNDP;
  o physical delivery of the goods and services to where the goods and services are required in various regions nationwide where DepEd beneficiaries are located, including customs clearing where required, and ensuring availability of after-sales support where needed, in accordance with the procurement details and timelines agreed between DepEd and UNDP;
  o recruitment of project personnel and engagement of consultants/experts or individual contractors;
  o disbursement of personnel salaries and payments to vendors of goods, services and works, based on the authorization of DepEd; and

• Monitoring, reporting and evaluation, including:
  o timely reporting on the status of project funds (physical and financial);
  o third party monitoring of deliveries to ensure that goods are received only by intended beneficiaries.
1.2 Audit objective

The objective of the financial audit is to express an opinion on the Project's financial statements. The specific objectives were to:

- Express an opinion on whether the financial expenses incurred by the Project from 1 January 2016 to 31 December 2016 and the funds utilization as at 31 December 2016 are fairly presented in accordance with UNDP accounting policies and that the expenses incurred were: (i) in conformity with the approved project budgets; (ii) for the approved purposes of the Project; (iii) in compliance with the relevant regulations and rules, policies and procedures of UNDP; and (iv) supported by properly approved vouchers and other supporting documents;

- Express an opinion on whether the statement of fixed assets presents fairly the balance of assets of the UNDP project as at 31 December 2016; and

- Express an opinion on whether the statement of cash held by the Project presents fairly the cash and bank balance of UNDP project as at 31 December 2016. Based on discussion with management, the Project does not operate a dedicated bank account, consequently, there was no statement of cash balance as at 31 December 2016.

Financial statements of the UNDP project include: the statement of expenses with related annexes as well as, where applicable, the statement of fixed assets and the statement of cash position.

The Financial Audit was conducted in accordance with the International standards of Auditing (ISA), 700 series.

1.3 Audit scope

The audit covered all activities of the Project during the period from 1 January 2016 to 31 December 2016 as well as a review of project reports and records located at the UNDP country office in the Philippines.

The scope of the audit did not include:

- Activities and expenses incurred or undertaken at the level of responsible parties i.e. subcontract / contract signed by 3rd party for the Project, unless the inclusion of these expenses is specifically required in the request for proposal; and

- Expenses processed and approved in locations outside the country such as UNDP Regional Centres and UNDP Headquarters and where the supporting documentation is not retained at the level of the UNDP country office.

As such, the total expenses charged against the Project and was subjected to financial audit amounted to USD 19,422,595.

The audit scope also includes follow up of previous audit recommendations. Since there was no previous audit made for the Project, this scope is not necessary.
1.4 Summary of Audit Opinions

(i) Combined Delivery Report and Funds Utilization Statement

In our opinion, the attached combined delivery report (CDR) and funds utilization statement, present fairly in all material respects the expenditure of USD 19,422,595 incurred by the Project for the period 1 January 2016 to 31 December 2016 in accordance with UNDP accounting policies and in conformity with the basis of accounting described in note 2.2 of financial statements.

(ii) Statement of Fixed Assets

The Project does not maintain any fixed assets. UNDP provided statements of fixed assets as at 31 December 2016 with nil balance.

(iii) Statement of Cash

The Project does not operate a dedicated bank account. Consequently, there was no statement of cash balance as at 31 December 2016 since this is not required for projects with no dedicated bank account.

Use of this Report

This report is solely for the purpose set forth in the above objective and for your information. This report relates only to the report of expenses, fixed assets and cash specified above and does not extend to any financial statements of the UNDP, taken as a whole.

We look forward to discussing our report with you and would be pleased to provide any further information or assistance which may be required.

REPORT ON THE FINANCIAL AUDIT OF THE UNITED NATIONS DEVELOPMENT PROGRAMME PHILIPPINES DIRECTLY IMPLEMENTED PROJECT, DSS 2016 K TO 12 BASIC EDUCATION PROGRAM, PROJECT NUMBER 95022, OUTPUT NUMBER 99082, FOR THE PERIOD 1 JANUARY 2016 TO 31 DECEMBER 2016

The Director
Office of Audit and Investigations (OAI)
United Nations Development Programme (UNDP)

Dear Sir,

PART 2  FINANCIAL AUDIT REPORTS

2.1  Report on Statement of Expenses

We have audited the accompanying Combined Delivery Report (CDR) and Funds Utilization statement ("the statement") of the UNDP project 95022, DSS 2016 K to 12 Basic Education Program for the period from 1 January 2016 to 31 December 2016.

The CDR expenditure totaling to USD 19,422,595 is comprised of expenditure directly incurred by the UNDP Country Office in 2016.

Opinion

In our opinion, the attached CDR and Funds Utilization statement present fairly, in all material respects, the expenses of USD 19,422,595 incurred by the UNDP Country Office in the Philippines and charged to the Project for the period 1 January 2016 to 31 December 2016 in accordance with UNDP accounting policies and as described in note 2.2 of notes to the financial statements and were: (i) in conformity with the approved project budgets; (ii) for the approved purposes of the Project; (iii) in compliance with the relevant regulations and rules, policies and procedures of UNDP; and (iv) supported by properly approved vouchers and other supporting documents.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISA). Our responsibilities under those provisions and standards are further described in the auditors' responsibilities for the audit of the CDR and Funds Utilization section of our report. We are independent of UNDP in accordance with the International Ethics Standards Board of Accountants' Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with this code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Management Responsibilities

Management is responsible for the preparation of the CDR and the Funds Utilization statement of the Project, and for such internal control as management determines is necessary to enable the preparation of a CDR and Funds Utilization statement that are free from material misstatement, whether due to fraud or error.
Auditors’ responsibilities

Our objectives are to obtain reasonable assurance about whether the CDR and the Funds Utilization statement are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISA will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these documents.

As part of an audit in accordance with ISA, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the CDR and Funds Utilization statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of UNDP’s internal control.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
