Report on the Audit of UNDP Colombia

Paz Sostenible – Fortaleciendo capacidades locales para promover comunidades pacíficas e inclusivas (Project No. 90196, Output Nos. 96076, 102940, 103279, 103280, 107416, 107417, 107418, 107419 & 107420)

Executive Summary

The UNDP Office of Audit and Investigations (OAI), through BDO LLP (the audit firm), from 3 to 14 June 2019, conducted an audit of *Paz Sostenible – Fortaleciendo capacidades locales para promover comunidades Pacíficas e Inclusivas* (Project No. 90196, Output Nos. 96076, 102940, 103279, 103280, 107416, 107417, 107418, 107419 & 107420) (the Project), which is directly implemented and managed by the UNDP Country Office in Colombia (the Office). This was the first audit of the Project.

The audit firm conducted a financial audit to express an opinion on whether the financial statements present fairly, in all material aspects, the Project's operations. The audit covered the Project's Combined Delivery Report, which includes expenses for the period from 1 January to 31 December 2018 and the accompanying Funds Utilization statement¹ as of 31 December 2018 as well as Statement of Fixed Assets as of 31 December 2018. The audit did not include activities and expenses incurred or undertaken at the "responsible party" level, or expenses processed and approved in locations outside of the country (such as UNDP Regional Centres and UNDP Headquarters) or expenses of other United Nations. In addition, the audit did not cover the Statement of Cash Position as no separate bank account was established and maintained for the Project.

The audit was conducted under the general supervision of OAI in conformance with the *International Standards* for the Professional Practice of Internal Auditing.

Audit results

Based on the audit report and corresponding management letter submitted by the audit firm, the results are summarized in the table below:

Project I	Project Expenses*		Project Assets		
Amount (in \$ '000)			Opinion		
6,357	Unmodified	89	Unmodified		

*Expenses recorded in the Combined Delivery Report were \$7,262,477.39. Excluded from the audit scope were transactions that relate to expenses processed and approved by other UNDP offices outside of the country (\$36,369.70). Also excluded were expenses incurred at the "responsible party" level (\$868,813.12).

Key recommendations: Total = $\mathbf{3}$, high priority = $\mathbf{0}$

The audit did not result in any high (critical) priority recommendations. There are three medium (important) priority recommendations, which means, "Action is required to ensure that UNDP is not exposed to risks. Failure to take action could result in negative consequences for UNDP." These recommendations include actions to address insufficient project management monitoring controls, weaknesses in reporting programmatic results, and weaknesses in the monitoring of grants.

¹ The Funds Utilization statement includes the balance, as at a given date, of five items: (a) outstanding advances received by the project; (b) undepreciated fixed assets used at the project level; (c) inventory held at the project level; (d) prepayments made by the project; and (e) outstanding commitments held at the project level.

The three recommendations aim to ensure the reliability and integrity of financial and operational information.

Management comments and action plan

The Resident Representative accepted all three recommendations and is in the process of implementing them.

THE AUDIT ENGAGEMENT

Audit Objectives and Scope

The objective of the financial audit was to express an opinion on the DIM project's financial position which includes:

- Expressing an opinion on whether the financial expenses incurred by the project between 1 January and 31 December 2018 in the Combined Delivery Report (CDR), the Funds Utilization statement as at 31 December 2018 and the accounts receivable and accounts payable as at 31 December 2018 are fairly presented in accordance with UNDP accounting policies and that the expenses incurred were: (i) in conformity with the approved project budgets; (ii) for the approved purposes of the project; (iii) in compliance with the relevant regulations and rules, policies and procedures of UNDP; and (iv) supported by properly approved vouchers and other supporting documents.
- Expressing an opinion on whether the Statement of Fixed Assets, at net book value, presents fairly the balance of depreciated assets of the project as at 31 December 2018. This statement must include all assets available as at 31 December 2018 and not only those purchased in a given period.
 - Where a DIM project does not have any assets or equipment, it is not necessary to express such an opinion.
- Expressing an opinion on whether the Statement of Cash held by the project presents fairly the cash and bank balance of the UNDP project as at 31 December 2018.
 - In cases where the cash transactions of the audited DIM project are made through the country office bank accounts, this type of opinion is not required.

The Financial Audit was conducted in accordance with the International Standards on Auditing (ISA), the 700 series.

The scope of the audit relates only to transactions concluded and recorded against the project between 1 January and 31 December 2018. The scope of the audit did not include:

- Activities and expenses incurred or undertaken at the level of "responsible parties", unless the inclusion of these expenses is specifically required in the request for proposal; and
- Expenses processed and approved in locations outside the country such as UNDP Regional Centres
 and UNDP Headquarters and where the supporting documentation is not retained at the level of
 the UNDP country office.

AUDIT OPINIONS

Independent Auditor's Report to UNDP - Paz Sostenible - Fortaleciendo capacidades locales para promover comunidades pacíficas e inclusivas

Project Financial Position

To the Director of the Office and Audit and Investigations, United Nations Development Programme

We have audited the financial position of the UNDP project ID 00090196 "Paz Sostenible - Fortaleciendo capacidades locales para promover comunidades pacíficas e inclusivas", output IDs 00096076 Fortalecimiento institucional, 00102940 Participación ciudadana, 00103279 Transformación conflictos, 00103280 Organizaciones fortalecidas, 00107416 Diálogo social, 00107417 Reincorporación, 00107418 Conversaciones Quito, 00107419 Implementación acuerdos, 00107420 Ordenamiento social rural, for the period 1 January to 31 December 2018 which includes: (a) the accompanying Combined Delivery Report (CDR); (b) the Funds Utilization statement ("the statement"); and (c) the project-related accounts receivable and accounts payable.

The CDR expenditure, totalling \$ 7,262,477.39, is comprised of expenditure directly incurred by the Office for an amount of \$ 6,357,294.57, expenditure processed and approved outside the country for an amount of \$ 36,369.70 and expenditure incurred by other responsible parties for an amount of \$ 868,813.12. Our audit only covered the expenditure directly incurred by the Office of \$ 6,357,294.57.

Unmodified opinion

In our opinion, the attached CDR and Funds Utilization statement present fairly, in all material respects, the expenses of \$ 6,357,294.57 directly incurred by the Office and charged to the project for the period 1 January to 31 December 2018 in accordance with UNDP accounting policies and were: (i) in conformity with the approved project budgets; (ii) for the approved purposes of the project; (iii) in compliance with the relevant regulations and rules, policies and procedures of UNDP; and (iv) supported by properly approved vouchers and other supporting documents.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing. Our responsibilities under those provisions and standards are further described in the 'Auditor's responsibilities' section of this report.

We are independent of UNDP in accordance with the International Ethics Standards Board of Accountants' Code of Ethics for Professional Accountants. We have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Management responsibilities

Management is responsible for the preparation of the CDR and the Funds Utilization statement of the project and for such internal control as management determines is necessary to enable the preparation of a CDR and Funds Utilization statement that are free from material misstatement, whether due to fraud or error.

Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the CDR and the Funds Utilization statement are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the

aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these documents.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the CDR and the Funds Utilization statement,
 whether due to fraud or error, design and perform audit procedures responsive to those risks, and
 obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of
 not detecting a material misstatement resulting from fraud is higher than for one resulting from error,
 as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of
 internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Independent Auditor's Report to UNDP - Paz Sostenible - Fortaleciendo capacidades locales para promover comunidades pacíficas e inclusivas

Statement of Fixed Assets

To the Director of the Office and Audit and Investigations, United Nations Development Programme

We have audited the accompanying Statement of Fixed Assets of UNDP project ID 00090196 "Paz Sostenible - Fortaleciendo capacidades locales para promover comunidades pacíficas e inclusivas", output IDs 00096076 Fortalecimiento institucional, 00102940 Participación ciudadana, 00103279 Transformación conflictos, 00103280 Organizaciones fortalecidas, 00107416 Diálogo social, 00107417 Reincorporación, 00107418 Conversaciones Quito, 00107419 Implementación acuerdos, 00107420 Ordenamiento social rural, as of 31 December 2018.

Unmodified Opinion

In our opinion, the attached Statement of Fixed Assets presents fairly, in all material respects, the assets status of the project "Paz Sostenible - Fortaleciendo capacidades locales para promover comunidades pacíficas e inclusivas" amounting to \$88,816.29, net book value as at 31 December 2018 in accordance with UNDP accounting policies.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing. Our responsibilities under those provisions and standards are further described in the Auditor's responsibilities section of this report.

We are independent of UNDP in accordance with the International Ethics Standards Board of Accountants' Code of Ethics for Professional Accountants and we have fulfilled our other ethical responsibilities in accordance with this code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Management responsibilities

Management is responsible for the preparation of the Statement of Fixed Assets of the project, and for such internal control as management determines is necessary to enable the preparation of a Statement of Fixed Assets that is free from material misstatement, whether due to fraud or error.

Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the Statement of Fixed Assets is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Independent Auditor's Report to UNDP - Paz Sostenible - Fortaleciendo capacidades locales para promover comunidades pacíficas e inclusivas

Statement of Cash

We noted that the UNDP project "Paz Sostenible - Fortaleciendo capacidades locales para promover comunidades pacíficas e inclusivas" did not have a dedicated bank account for the DIM project activities subject to audit and accordingly a Statement of Cash was not produced.

MANAGEMENT LETTER

The audit findings and recommendations arising from the financial audit of the project are set out in our management letter below:

Finding n°: 1

Title: Insufficient project management monitoring controls

Observation:

The UNDP Project and Project Management policy states that:

- Monitoring improves development effectiveness and efficiency by reviewing performance and using evidence to adjust programming for optimal results. Good monitoring starts with good planning and clear identification of what a programme or project will strive to achieve with specified resources. It is a continuous management function that provides decision-makers with regular feedback. Evidence from monitoring also serves as a critical input to evaluation and enables evidence-based reporting.
- 2. All UNDP programming activities are required to adhere to monitoring standards and policies, for which managers of regional and country programmes and all projects are accountable..."

However, the audit noted that key project control activities, such as budget absorption rate analysis and programme indicators analysis were not documented. In addition, the initial indicators framework presented in the Project Document evolved but were not updated accordingly and there was no trail to clearly identify the actual project targets in place.

Consequently, the annual narrative report described activities carried out and results achieved without measuring them against expected targets. This limited the ability of the Office to assess project progress, reduced the basis for efficient decision-making and increased the risk of not achieving programme objectives and deliverables.

Priority: Medium

Recommendation:

The project management team should develop a Results Framework and Monitoring and Evaluation Plans for the project using the project document template monitoring guideline, at project level, defining the key monitoring control activities to be performed.

The project management team should also ensure that, on a regular basis, the activities stipulated in the above-mentioned Project Monitoring Framework are being carried out. They should include, at least, the analysis of actual expenditure against budget, and, the programmatic indicators performance analysis, both at a sufficient level of detail.

The programmatic indicators framework and their expected results should be reviewed, consolidated at project level and approved. Further amendments would need to be documented to assure the targets set are clear at any point of the project life span. The audit also recommend to present the project annual report introducing a comparative scheme between the results achieved and the expected targets.

Management comments:

It is important to highlight that the Project has a Monitoring and Evaluation plan, as stated in the project document, and the described activities have been carried out on a regular basis. However, the project is aware of the improvements that can be made on this subject. That's why an update on the Project Monitoring and Evaluation Plan will be necessary, emphasizing the planning of visits and the key control activities to internal and external actors that participate in the project implementation all level. Documents and evidence are part of this actions.

Quarterly financial monitoring reports will be prepared incorporating an analysis of actual expenditure compared to the budget, which can be contrasted with the monitoring that is carried out to project indicators.

During the project implementation, results and indicators have been modified through appropriate channels. However, from now on, amendments will be presented in a consolidated manner. Also, following Audit recommendation, annual report will reflect a greater control, so a comparison between the achieved results and the expected goals is evidenced.

Finding n°: 2

Title: Weaknesses in reporting the programmatic results

Observation:

Section 'VI. Monitoring and Evaluation' of the Project Document states that "it is expected to present 3 annual narrative reports, which will conclude on activities described in the programmatic document approved".

At national level, the Project Management team builds the annual narrative report by consolidating manually the data received from different sources, which is mainly recorded in Excel spreadsheets and the Kobo tool where grantees report online their programmatic results.

The audit noted that there was no audit trail to validate the final data presented in the annual narrative report. In addition, the audit found that grantees did not sign the information reported in Kobo or provide any additional report, such as a programmatic report, to be able to ascertain the reported data in Kobo. Although the audit acknowledged that the Kobo figures are checked through phone calls and on-site visits by the territorial and national project management teams, the documentation of this process did not provide evidence of the verification work carried out.

Weaknesses in the programmatic results reporting process may increase the risk of errors being introduced in the annual narrative report due to incorrect data entry at the level of the grantees or the Office.

Priority: Medium

Recommendation:

The Project Management team should encourage grantees to submit an annual report duly signed presenting their programmatic results.

The Project Management team should also document the composition of each key data laid-out in the annual report to be able to trace it to its verified source.

Management comments:

Regarding new guidelines on Grants, grantees with agreements signed for less than one-year, the submission of annual reports do not apply. However, the project will request to the different actors involved in project implementation, that within the final reports the information provided on the Kobo Toolbox platform (platform for consolidating project indicators apply by project) is expressly displayed, with their respective evidence. Additionally, the project will systematically perform on quarterly basis, exercises to verify the information provided to the Kobo Toolbox platform by partners and other actors.

Finding n°: 3

Title: Weaknesses in the monitoring of grants

Observation:

The paragraph of 'Reporting' in the 'Generalities and obligations of grant agreements' guideline developed by the Office states the objective of "understanding comprehensibly and truthfully the information evidenced by the administrative and financial management of the grantees; with the purpose of generating practices of transparency, confidence and strengthen the capacities of the leaders of the organizations in the presentation of management results to their beneficiaries".

Although the audit ascertained that daily grantees' monitoring activities were handled at territorial level by dedicated project staff, the following weaknesses in the supervision at national level were found:

- Absence of a manual describing the requirements of the grantees oversight to be carried-out by UNDP:
- Absence of grantees annual monitoring visits plan based on a risk-based approach;
- Financial and programmatic reviews carried out mainly on a remotely basis, rather than on site, were not documented;
- Insufficient supporting documentation to justify the expenditure reported by the grantees;
- Absence of a tracker of issues and recommendations to grantees.

Weaknesses in the grants monitoring process at national level biases the quality of the information being reported to the Office senior management for decision making purposes. It may also impact negatively the efficiency of the grantees' capacity building and consequently the programme achievements.

Priority: Medium

Recommendation:

The current monitoring arrangements should be revisited by enhancing the following aspects:

- Each grantee should be risk rated considering criteria such as: the initial capacity assessment rating, red flags raised by the territorial teams and previous visits outcomes;
- An annual monitoring visit plan should be elaborated based on the grantees' risk assigned. It should determine the priorities, frequency and scope of the national team on-site monitoring visits;
- Tools and templates should be designed to organize and document the financial and programmatic on-site visits, assuring completeness and consistency between reviews;
- All concerns and recommendations to grantees should be logged in a tracker indicating, at least: a priority rating (High, Medium, and Low), necessary follow-up actions, a responsible person for its resolution and a due date. The tracker should be updated not less than on a quarterly basis.

Management comments:

We highly appreciate audit recommendation and comments that will help us to improve grants procedures and monitoring activities. However, it is important to highlight that project is complying with previous Grant chapter on POPP (2018) rules and regulations about implementation and monitoring. We recognize that improvements on template and tools, implement monitoring trackers with levels and updated on quarterly basis, among others mentioned by audit firm were necessary, but there should be an organizational change on this matter to standardized procedures for all COs on grants monitoring management. The new Grant guidelines (2019) addressed most of the audit recommendations, but some of them (like the final two) must be considered at organizational level as explained before.

Auditors' response:

We consulted with OAI and agreed that, notwithstanding that UNDP's rules and guidelines are not fully prescriptive, the Office should ensure that basic controls as those recommended should be put in place by the Office and duly documented in the project document to ensure that more stringent controls over grantees' assessment as well as monitoring, evaluation and reporting of activities is carried out in a systematic way.

Annex 3: Audit finding priority ratings

The following categories of priorities are used:

High (Critical)	Prompt action is required to ensure that UNDP is not exposed to high risks. Failure to take action could result in major negative consequences for UNDP.
Medium (Important)	Action is required to ensure that UNDP is not exposed to risks. Failure to take action could result in negative consequences for UNDP.
Low	Action is desirable and should result in enhanced control or better value for money. Low priority recommendations, if any, are dealt with by the audit team directly with the Office management, either during the exit meeting or through a separate memo subsequent to the fieldwork. Therefore, low priority recommendations are not included in this report.
