1.2. **Audit Objectives**

A. The objective of the financial audit is to express an opinion on the project’s financial position which includes:

1) Expressing an opinion on whether the financial expenses incurred by the Project from 1 January to 31 December 2019 and the funds utilization statement, the accounts receivable and the accounts payable as at 31 December 2019 were fairly presented in accordance with UNDP accounting policies and that the expenses incurred were: (i) in conformity with the approved project budgets; (ii) for the approved purposes of the project; (iii) in compliance with the relevant regulations and rules, policies and procedures of UNDP; and (iv) supported by properly approved vouchers and other supporting documents.

2) Expressing an opinion on whether the statement of fixed assets, at net book value, presents fairly the balance of depreciated assets of the UNDP Project as at 31 December 2019. This statement should include all assets available as 31 December 2019 and not only those purchased in the period under audit. Where a DIM project does not have any assets or equipment it will not be necessary to express such an opinion, and

3) Expressing an opinion on whether the statement of cash held by the Project presents fairly the cash and bank balance of UNDP Project as at 31 December 2019. It is required to express an opinion on the Statement of Cash only where a dedicated bank accounts for the DIM project has been established. In cases where the cash transactions of the audited DIM project are made through the country office bank accounts, this type of opinion is not required.

B. As applicable, Providing the progress made in implementing the recommendations raised in a previous year audit report.

The financial audit was conducted in accordance with the International Standards on Auditing (ISA), the 700 series.

1.3. **Scope of Audit:**

The scope of the audit relates only to transactions concluded and recorded against the UNDP DIM project for the period from 1 January 2019 to 31 December 2019.

The scope of the audit did not include:

- Activities and expenses incurred or undertaken at the level of “responsible parties”, unless the inclusion of these expenses is specifically required in the request for proposal.
- Expenses processed and approved in locations outside the country such as UNDP Regional Centers and UNDP Headquarters and where the supporting documentation is not retained at the level of the UNDP office.
PART II – FINANCIAL AUDIT REPORTS

2.1. Auditor’s Report on Financial Position

To the Director of the Office of Audit and Investigations (OAI)
United Nations Development Programme (UNDP)

We have audited the financial position of the UNDP project ID 116171 – output ID 113424 “Economic Stimulus and Support to Vulnerable Households in Gaza through Cash for Work”, for the period from 1 January to 31 December 2019, which include: (a) the accompanying Combined Delivery Report (CDR); (b) the Funds Utilization Statement (the statement); and (c) the project – related accounts receivable and accounts payable.

Unmodified Opinion

In our opinion, the attached Combined Delivery Report (CDR) and Funds Utilization Statement present fairly, in all material respects, the expenses of US$ 6,966,989.80 directly incurred by UNDP PAPP and charged to the project ID 116171 – output ID 113424 for the period from 1 January to 31 December 2019 in accordance with UNDP accounting policies and were: (i) in conformity with the approved project budgets; (ii) for the approved purposes of the project; (iii) in compliance with the relevant regulations and rules, policies and procedures of UNDP; and (iv) supported by properly approved vouchers and other supporting documents.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those provisions and standards are further described in the auditor’s responsibilities for the audit of the CDR and Funds Utilization section of our report. We are independent of UNDP in accordance with the International Ethics Standards Board of Accountants’ Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with this code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Management’s Responsibilities

Management is responsible for the preparation of the CDR and the Funds Utilization statement of the project and for such internal control as management determines is necessary to enable the preparation of a CDR and Funds Utilization statement that is free from material misstatement, whether due to fraud or error.
Audit’s Responsibilities

Our objectives are to obtain reasonable assurance about whether the CDR and the Funds Utilization statement are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these documents.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the CDR and Funds Utilization statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization’s internal control.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
