The UNDP Office of Audit and Investigations (OAI) conducted an audit of UNDP Cambodia (the Office) from 18 to 25 August 2015. The audit aimed to assess the adequacy and effectiveness of the governance, risk management and control processes relating to the following areas and sub-areas:

(a) governance and strategic management (organizational structure and delegations of authority, leadership/ethics and values, risk management, planning, monitoring and reporting, financial sustainability);

(b) United Nations system coordination (development activities, Resident Coordinator Office, Harmonized Approach to Cash Transfers);

(c) programme activities (programme management, partnerships and resource mobilization, project management); and

(d) operations (human resources, finance, procurement, information and communication technology, general administration, safety and security).

The audit covered the activities of the Office from 1 January 2014 to 31 July 2015. The Office recorded programme and management expenditures totalling $30 million. The last audit of the Office was conducted by OAI in 2011.

The audit was conducted in conformance with the International Standards for the Professional Practice of Internal Auditing.

Overall audit rating

OAI assessed the Office as satisfactory, which means, “Internal controls, governance and risk management processes were adequately established and functioning well. No issues were identified that would significantly affect the achievement of the objectives of the audited entity.”

Key recommendations: Total = 6, high priority = 0

The six recommendations aim to ensure the following: (a) reliability and integrity of financial and operational information (Recommendation 4); (b) effectiveness and efficiency of operations (Recommendations 1, 2 and 3); and (c) compliance with legislative mandates, regulations and rules, policies and procedures (Recommendations 5 and 6).

The audit did not result in any high (critical) priority recommendations. There are six medium (important) priority recommendations, which means, “Action is required to ensure that UNDP is not exposed to risks that are considered moderate. Failure to take action could contribute to negative consequences for UNDP.” These recommendations include actions to address weaknesses in programme management, project management, and financial management.
