Report No. 2201
Issue Date: 8 July 2020
Report on the Audit of UNDP Guinea
Executive Summary

The UNDP Office of Audit and Investigations (OAI) conducted an audit of UNDP Guinea (the Office) from 11 to 27 May 2020. The audit aimed to assess the adequacy and effectiveness of the governance, risk management and control processes relating to the following areas and sub-areas:

(a) Governance
(b) Development activities
(c) Operations – procurement, finance, human resources, administrative services, information communication and technology (ICT)

The audit covered the activities of the Office from 1 January 2019 to 31 March 2020. The Office recorded programme and management expenses of approximately $25 million. The last audit of the Office was conducted by OAI in 2016.

The audit was conducted in conformance with the International Standards for the Professional Practice of Internal Auditing. Due to the COVID-19 pandemic, the audit was conducted remotely. Scope limitations due to the nature of the remote audit related to the following activities:

(a) A review of original supporting documentation could not be carried out, and therefore the audit team relied on scanned copies of documents provided by the Office for all audit areas reviewed.
(b) Meetings with Office staff and personnel were carried out virtually, which limited the audit team’s understanding of the Office’s working environment, such as identifying non-verbal feedback and observing Office interactions and dynamics.
(c) Project visits (location, site visits, meeting with counterparts/beneficiaries) were not conducted.
(d) A physical verification of assets was not performed.
(e) Safe and petty cash contents were not verified.
(f) The information communication and technology areas were not reviewed on-site.

Overall audit rating

OAI assessed the Office’s performance as partially satisfactory/some improvement needed which means “The assessed governance arrangements, risk management practices and controls were generally established and functioning but need some improvement. Issues identified by the audit do not significantly affect the achievement of the objectives of the audited entity/area.” This rating was mainly due to issues noted in the areas of governance, development activities, procurement, finance, and administrative services.

Key recommendations: Total = 12, high priority = 0

The audit did not result in any high (critical) priority recommendations. There are 12 medium (important) priority recommendations, which means “Action is required to ensure that UNDP is not exposed to risks. Failure to take action could result in negative consequences for UNDP.”

The 12 recommendations aim to ensure the following:
