Issue Date: 28 July 2020

Report on the Audit of UNDP Turkey Demining Phase II (Project No. 89746, Output No. 95861) Executive Summary

The UNDP Office of Audit and Investigations (OAI), through KPMG SA (the audit firm), from 2 to 30 June 2020, conducted an audit of Demining Phase II (Project No. 89746, Output No. 95861) (the Project), which is nationally implemented¹ with support services provided by the UNDP Country Office in Turkey (the Office). This was the first audit of the Project.

The audit firm conducted a financial audit in accordance with the International Standards of Auditing (ISA) the 700 series, to express an opinion on whether the financial statements present fairly, in all material aspects, the Project's operations. The audit covered the Project's Combined Delivery Report, which includes expenses for the period from 1 January to 31 December 2019 and the accompanying Funds Utilization statement² as of 31 December 2019 as well as Statement of Assets as of 31 December 2019. The audit did not include activities and expenses processed and approved in locations outside of the country (such as UNDP Regional Centres and UNDP Headquarters). The audit did not cover the Statement of Cash Position as no separate bank account was established and maintained for the Project.

The audit was conducted under the general supervision of OAI in conformance with the *International Standards for the Professional Practice of Internal Auditing*.

Management comments and action plan

Comments and/or additional information provided have been incorporated into the report, where appropriate.

¹ The responsible units in UNDP facilitate the audits of nationally implemented (NIM) projects. However, this NIM project was audited by OAI due to the significant involvement of the Country Office in its implementation, and the subsequent materiality of the amount expended by UNDP.

² The Funds Utilization statement includes the balance, as at a given date, of five items: (a) outstanding advances received by the project; (b) undepreciated fixed assets used at the project level; (c) inventory held at the project level; (d) prepayments made by the project; and (e) outstanding commitments held at the project level.
